MINORITY UNDERGRADUATE RETENTION GRANT 2011-2012 ANNUAL REPORT Higher Educational Aids Board

The Minority Undergraduate Retention Grant (MURG) Program was established by the State of Wisconsin Legislature in the 1985-87 biennial budget. The first award was made in the 1986-87 academic year. Minority Undergraduate Retention Grants are awarded to Wisconsin resident minority undergraduates, excluding first year students, enrolled at least half-time in Wisconsin Technical College System schools, non-profit independent colleges/universities, and tribal colleges.

Awards are based on financial need, with a minimum grant of \$250 and a maximum grant of \$2,500 per year. According to statutes, a minority student is defined as a student who is a Black American, American Indian, Hispanic, or Southeast Asian from Laos, Cambodia, or Vietnam admitted to the United States after December 31, 1975. If eligible, a student may receive the grant for up to eight semesters or 12 quarters.

Funds are allocated to the Wisconsin Technical College System and the Independent/Tribal Colleges and Universities based on the prior year's minority student population as reported by each participating school. For the 2011-2012 academic year, fourteen technical colleges, twenty-one non-profit colleges/universities, and both tribal colleges received a Minority Undergraduate Retention Grant allocation. The University of Wisconsin System Administration has a similar program, the Lawton Grant, for students attending a University of Wisconsin institution.

During the 2011-2012 academic year, 896 students received a Minority Undergraduate Retention Grant award. 337 grant recipients attended a non-profit, independent college/university or tribal college, and 559 recipients attended a Wisconsin Technical College. To gauge the effectiveness of the program, surveys were sent to both the participating schools and the grant recipients. Results of the participating school survey are found on page 2, and the grant recipient survey results are found on page 7.

The graph and tables throughout this report detail the 2011-2012 Minority Undergraduate Retention Grant program:

- Table I: Educational Progress of Grant Recipients as Reported by Participating Schools
- Table II: Top Five Colleges or Universities Based on Funding Provided to Students
- Tables III and V: Spending by Independent/Tribal Schools and WTCS
- Tables IV and VI: Recipient Demographics for Independent/Tribal Schools and WTCS
- Graph I: 2010-2011 Student Minority Populations as Reported by Participating Schools
- Table VII: 2011-2012 Minority Retention Grant Recipient Survey Results

The data collected and the results of the grant recipient survey demonstrate that the Minority Undergraduate Retention Grant is highly successful. Participating schools reported that nearly 80% of grant recipients either completed their degree/certificate programs or will continue to work towards degree/certificate completion during the 2012-2013 academic year. All of the grant recipients who responded to the survey indicated that they either earned a degree or certificate during the 2011-2012 academic year, or will return to school to continue to pursue their educational goals. In addition, more than 90% of the recipients indicated that they planned to spend the majority of their working life in the state of Wisconsin.

"The Grant was a great help, I struggle every semester to pay for school. I am a single mother and have 3 jobs along with trying to finish my nursing degree. So any bit helps when it comes to paying for things. I was surprised to hear that I had received it, but also very thankful."
