Mr. John Reinemann
Executive Secretary
Higher Educational Aids Board
131 W. Wilson Street, Suite 902
Madison, WI 53702

Dear Mr. Reinemann,

As directed by Wisconsin statute, I am forwarding my recommendation for the Wisconsin Grants formula for the 2018-19 academic year for low-income Wisconsin students attending private, nonprofit colleges and universities. I am grateful that the Governor and the Legislature increased the appropriation for the 2017-19 biennium recognizing that Wisconsin Grants empower students to pursue their dreams of a college education and to become productive citizens and participants in Wisconsin's workforce. The Wisconsin Grant is designed to assist Wisconsin's neediest students and allow them the opportunity to choose the institution best able to help them succeed.

The Wisconsin Grants private, nonprofit formula for the 17-18 academic year was recently approved with an increase in the maximum grant to reflect the 5 percent increase in the appropriation. The maximum award for the 2017-18 academic year was set at \$3150 and the minimum award set at \$1000. I also recommended the inflation factor for independent students be reduced from 740 percent to 640 percent. This factor has been level for many years and the change will offer more independent students the opportunity to receive a Wisconsin Grant.

Looking to the 18-19 academic year, I request the maximum grant be increased from \$3150 to \$3228 to reflect the additional dollars appropriated in the second year of the biennium and that the minimum grant remain at \$1000. I also recommend the independent inflation factor remain the same as modified in the 17-18 academic year formula and continue to be set at 640 percent. All other factors in the formula would remain the same.

Spending on the grants is very dependent on enrollments and the specific economic needs of the actual applying students. Thus, the projected spending results are a moving target. The simulation process, using historic data and best estimates, is useful in predicting spending, but can never be exact as to future actual conditions. For these reasons, I reserve the right to again recommend modification in the formula should actual experience with Wisconsin Grants necessitate change.

WAICU members do not receive direct operating support from the state as do public institutions. WAICU members do, however, provide over \$500 million annually in privately raised dollars in grants and scholarships directly to students. WAICU members educate nearly 58,000 students each year and graduate 27 percent of the state's bachelor's degrees and 37 percent of the state's graduate degrees. The Wisconsin Grant program for the private, nonprofit sector provides a significant return on investment for the State of Wisconsin.

WAICU remains committed to the long-held principles that the Wisconsin Grants should contribute a meaningful portion of a student's overall financial aid package; that the neediest students should receive the greatest share of benefits under the program; and that the total allocation of the Wisconsin Grants appropriation should be distributed equitably among independent and dependent students.

I want to thank you and Sherrie Nelson for working with WAICU staff and WAICU Financial Aid Directors in developing the formula recommendation and examining the possible results. HEAB staff continue to promote a positive and constructive working relationship. WAICU staff, WAICU-member financial aid directors, and I sincerely appreciate their responsiveness, professionalism and dedication.

Should you have questions or concerns regarding this WAICU recommendation, please contact me or Ms. Rebecca Larson, WAICU Senior Vice President for Advocacy.

Sincerely,

Rolf Wegenke, Ph.D.
President

**PROPOSED 2018-19 FORMULA
WISCONSIN GRANT-PRIVATE, NON-PROFIT (PNP)**

**November 10, 2017
Board Report #18-07**

WISCONSIN GRANT-PNP

Introduction

HEAB administers the Wisconsin Grant-PNP which provides grants to students attending Wisconsin private, independent non-profit colleges and universities. Grants are awarded based on the economic needs of students. Grant recipients apply through the Federal Department of Education using the FAFSA (Free Application for Federal Student Aid). The Higher Educational Aids Board reviews and will approve the Wisconsin Grant-PNP formula for the upcoming school year at its November meeting because of the change in FAFSA filing.

The structure of the WG-PNP formula is outlined in Wisconsin State Statutes (39.30). There are six steps in the formula and grants are calculated differently for dependent and independent students.

Recommendation:

Recommendation of Wisconsin Association of Independent Colleges and Universities (WAICU) President Dr. Rolf Wegenke:

Maximum award: \$3,228

Minimum award: \$1,000

Inflation Factors: Dependent 340% Independent 640%

UW-Madison Tuition: \$10,488

Base Maintenance: \$8,500

The proposed formula is outlined in Dr. Rolf Wegenke's letter which is attached and is illustrated in Table 1 of this document.

Other Information:

2018-2019 Appropriation: \$28,504,600

2017-2018 Appropriation: \$26,870,300

2016-2017 Appropriation: \$26,870,300

2015-2016 Appropriation: \$26,870,300

2014-2015 Appropriation: \$26,870,300

2013-2014 Appropriation: \$27,870,300

2012-2013 Appropriation: \$26,870,300

Current Year Spending: All of the 2017-18 funds will be spent.

Other Provisions: WG-PNP is pro-rated: 50% award for 6-8 credits; 75% award for 9-11 credits; full award for 12 or more credits. WG-PNP is also tuition specific and has a statutory over-committed maximum of 122%.
